

TREE GUARD NETTING KIT INSTRUCTIONS

T-10 TREE GUARD KIT CONTENTS:

- 11 ft - Netting
- 10 ft - Hoop
- 1 - Coupling
- 40 ft - Twist Tie

T-15 TREE GUARD KIT CONTENTS:

- 16 ft - Netting
- 15 ft - Hoop
- 1 - Coupling
- 40 ft - Twist Tie

The TREE GUARD kit is designed to prevent cats from climbing a tree or utility pole and jumping onto an adjacent fence top or house roof. Cats can jump 4 to 5 times their own height. Cut off low branches so the cat cannot jump from the ground onto the branches.

Finally, overlap vertical netting ends and secure with twist tie.

Level the hoop. Then secure it to the netting with twist ties in several places.

When finished, the bottom inside section of netting should be sloping down and outward toward the hoop like an upside down funnel.
